SS Credit 3: Brownfield Redevelopment

Declaration not made
 (Civil Engineer or Responsible Party)

I, PAUL F. ORMOND, declare that this project is developed on a site documented as contaminated (by means of an ASTM E1903-97 Phase II Environmental Site Assessment) or on a site classified as a brownfield by a local, state, or federal government agency or a narrative describing real or perceived contamination has been provided.

The following documents have been provided to document the contamination:

EITHER

A copy of pertinent sections of the Phase TI Environmental Site Assessment documenting the site contamination

OR

A letter from a local, state or federal regulatory agency confirming that the site is classified as a brownfield by that agency.

OR

A narrative and supporting documentation describing real or perceived site contamination that has been remediated prior to development.

In addition, I confirm that the following remedial measures have been or will be taken prior to construction to protect the environment:

Contamination Risk	Areas of the Site Affected	Remedial Measures Taken
Soil containing Reportable Concentrations of Oil and Hazardous Materials	10 Percent of Footprint - -	Off-site disposal of PCBs and Hazardous Materials. Risk Characterization. Regulatory compliance
