

(Broker, Architect, Civil Engineer or Responsible Party)

I, **Nathan Gauthier**, declare to USGBC that the project building(s) is located within 1/2 mile of a commuter rail, light rail or subway station or 1/4 mile of two or more public or campus bus lines usable by building occupants as outlined below.

I have provided all the following supplementary documentation to support the declaration:

- An area drawing or transit map
- The building location is highlighted
- Fixed rail stations are highlighted and distances between stations and building are indicated
- Bus lines are highlighted and distance between bus stops and building are indicated
- The map includes a scale bar for distance

The distances between the building and the public transit points are as shown in the following table. (Distances are measured as the walking distance from a regular building exit to the bus stop location or rail station entrance).

Public Transit Stops - Locations	Distance from the Building [ft]
Commuter Rail, Light Rail or Subway Station	
Harvard Square T Stop (Subway)	2,430
Public or Campus Bus Line Stops	
5 Harvard Bus Stops & 4 MBTA Bus Stops w/in 1/4 Mile	1,400

Project Name: HARVARD BUSINESS SCHOOL - WYSS

Credit: SS Credit 4.1: Alternative Transportation, Public Transportation Access

Points Documented: **1**
